### EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Rosemary Pike on June 8, 2004.

The application has been amended as follows:

In claim 3, line 2, delete [HOSP, SILK, FLARE,] and [(BCB)];

In claim 3, line 3, delete [(MSQ)];

In claim 4, line 2, delete [CORAL, BLACK DIAMOND,] and [(FSG)];

In claim 4, line 3, after "carbon-doped" delete [FSG] then insert in its place --fluorinated silicate glass--;

In claim 9, line 3, delete [(HSQ)].

2. The following is an examiner's statement of reasons for allowance:

As to claims 1-5, the prior art of record taken alone or in combination fails to teach, suggest, or render obvious the sequence of steps in a method of forming dual damascene opening in the fabrication of an integrated circuit device, in combination with the rest of the limitations of the above claims

As to claims 6-10, applicants have presented persuasive arguments (see pages 6-9 of Remarks filed 1/29/2004) to show the prior art of record taken alone or in combination fails to teach, suggest, or render obvious etching a via pattern into said organic dielectric layer through said trench pattern of an inorganic dielectric layer, in a sequence of steps in a method of forming dual damascene openings in the fabrication of an integrated circuit device, in combination with the rest of the limitations of the above claims.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Lynette T. Umez-Eronini whose telephone number is 571-272-1470. The examiner is normally unavailable on the First Friday.
